

The Under Sea Wall Quilt

You will need-

Turquoise fabric 23" X 21" or $\frac{3}{4}$ yd

Navy fabric 4 - 3 $\frac{1}{2}$ " X 45" strips and 28" X 30" for the backing – purchase 1 $\frac{1}{2}$ yds

3" X 23" of gold sand fabric or $\frac{1}{8}$ yd

2.5 yards of sequins

June Tailor printer fabric- 2 sheets

Gold thread to match sand, turquoise thread, and green thread

$\frac{3}{4}$ yd of fusible fleece

1 package of wonder under

assorted crystals and jewel it glue

Scissors to cut appliqué

Safety pins

iron

*Cut the body of the sea 23" X 21".

*Fuse a strip of wonder under to the sand colored fabric. Cut a straight edge on the sand fabric and cut a wavy edge. Finished strip should be approximately 3" X 23". Fuse the sand fabric to the sea fabric background with the wavy edge up.

*Cut the strips for the border 3 $\frac{1}{2}$ " and sew the border to the background fabric on all sides.

*Cut the fusible fleece about 2" larger the size of the quilt and fuse in place from the wrong

side and then right side of the wall quilt. Sew the fusible fleece to the quilt using a ¼" seam on the outer edges. Trim the fleece to match the quilt.

*Print the appliqué on the printer fabric, peel the backing and cut out the appliqué and fuse the fish and chest to the wall quilt background as pictured.

*Randomly sew sea grass vertically across the fish using decorative stitches. I used the feather stitch and the star stitch and turquoise and green thread.

* Randomly place the sequins on the quilt to look like sea grass. So the sequins to the quilt so you are sewing with the direction the sequins lay. Use a zig zag about 3 mm length and a 3mm width.

*Appliqué the sand edge using a .3 stitch length and a 2.5 with zig zag and gold thread.

* Cut a backing of navy blue at least 2 "larger than the quilt on all 4 sides. Pin the backing to the front using safety pin to hold the backing in place.

* Sew the backing to the front leaving an opening to turn the quilt through. Turn the quilt and press. Slip stitch the opening closed. Top stitch the edge of the quilt to finish.
