

My Mom's Favorite Restaurant

I just had to show my mother in her favorite place, Chick Fila. Every week we go to the local Chick Fila and everyone knows her name. She loves it. Here she is eating her favorite sandwich, a grilled chicken sandwich on a whole wheat bun. We go out to lunch everyday and she has social followings in Lombardi's, Chick Fila, Denny's, Dayton's and Bob Evans. Usually we do a little shopping and

then it is home for a nap. She is 96 so she can do naps anytime she wants.

She does not do the internet or computers so she will not see this unless I show her. Of course if you see her tell her you saw her on-line.
